BIG IMPROVEMENTS

WABASH TO SPEND FOURTEEN MILLION DOLLARS.

MUCH NEW EQUIPMENT

Plans for a General Overhauling and Upbuilding of the System Have Been Agreed Upon.

Fourteen million dollars will be spent by the Wabash railroad in the near future for a general overhauling of the system, including new rolling stock equipment, and improvements in trackage, signal and telephone service and terminal properties.

According to plans just announced, the Wabash will add more than 3,000 freight cars to its equipment. The number of locomotives will be increased by ninety-one, which includes sixty-three Mikado freight engines and twelve switch engines.

Orders have been given for the construction of twenty-nine all steel passenger coaches of the latest types.

Every mile of the system will be equipped with automatic electric block signals and 1,600 miles of telephone lines will be in operation in a few weeks. A water bureau, safety bureau and bureau of fuel economy have been established.

The Wabash will have one of the most complete railroad shop plants in the country when the new locomotive plant now being built at Decatur, Ill., is completed. This is an addition to the present shops there, which were built in 1907, but which have been found inadequate to handle steadily increasing business.

The 800 miles of double track under construction will give the Wabash a dual system divided as follows: Three hundred and twenty-five miles between St. Louis and Buffalo; 170 miles between St. Louis and Kansas City, and 185 miles between Chicago and Buffalo. Two million dollars' worth of new rails already have been bought.

The rejuvenation of the system will be completed within one year.

A NUMBER OF SHORT COURSES

To Be Given This Year—Nodaway County Will Have One.

Last year 645 Missouri farmers took a five-day course in agriculture without leaving their homes. Nine different communities in as many different counties received the benefit of these courses. They are known as branch short course in agriculture, and are given under the direction of the Missouri college of agriculture by members of its regular staff. Probably no enterprise of the college has ever been received with greater enthusiasm. Every community which had a course last winter wants it back again.

The college of agriculture is prepared to give a much larger number of branch short courses this fall and winter than was possible a year ago. Every community in the state has an equal opportunity to secure one. Instead of hundreds there should be thousands of Missouri farmers getting the benefit of these five-day courses. Prompt action is necessary. Late applicants are likely to find a full schedule with every date filled. This is one of the finest opportunities that has come the way of Missouri farmers in a long time.

L. C. Cook and T. A. Cummins left Sunday for Kansas City, where they have several cases in the Kansas City court of appeals.

THE SUCCESSFUL REVIVAL.

Rev. Randolph Begins Meeting at M. E. Church, South.

The revival meetings at the M. E. church, South, commenced Sunday by the pastor, Rev. Joseph D. Randolph, and better than the average congregations were present. Rev. Randolph will do the preaching at these meetings, which will last three weeks.

At the morning service Rev. Randolph gave some of the reasons "Why Revivals Are Needed." He said in part:

"A revival is a renewal of interest in religion. It may be local or general in its nature and consequence. It may bless a church, a community or a whole generation. All depends upon the strength and permanence of the renewed interest that has been awakened.

"It would then, from the nature of its definition, be a logical contradiction to speak of any revival being a failure. For it is clear that if there has been a revival some one has been revived. If a work of grace has been deepened in one heart and only one heart, just so far has the revival been a success. If the revival has helped a hundred lives its influence has been greater, that is all.

"Several have said to me that it will be difficult to have a revival in this church. Consider that a moment. Why more difficult in this church than any other church? You are a part of this church and if you have a revival just so far will the church have had a revival. The difficulty here is the same that it is anywhere, just a matter of you and all of you having a revival in your own hearts. All of you are the church. This meeting can't fail unless you fail.

"Revivals are needed to provide special opportunity to teach the church membership. Teachers have found that usually classes do their best work if they meet every day. Too often with a week between services, we preachers do not make good teachers. We have listened to the cry that the people be amused, not made to think. When we preach a sermon that has cost us much thought we are often told that we are "putting the fodder too high." The people say, make us laugh and make us weep and we will crowd your churches. In advancing the work of the kingdom, a thought is sometimes better than a tear. Laughter is good, but by taking thought men have made literature, science and art. To awaken feeling as an end in itself is hurtful. The natural process is a new idea, a new feeling and a new act.

"Revivals are needed to break the grip of modern materialism. Our fathers asked a stranger, what are you? We ask him, what have you got? Even worse than this, we test the value of our own lives by what we have. This gaudy civilization of ours is materialistic to the core. We are producing no real literature, no great music, no lasting art. We are moving heaven and earth that we may be healthy, well fed and contented animals. But are we only animals? Body and soul, God has made us. To be healthy, well fed and contented is good, but not the great good. Soul values are the highest values. What is a man profited if he gain the whole world and lose his own soul?"

ANOTHER DIVORCE SUIT.

Wm. P. Butler Suing Finnie Butler—Suit by County Against C. H. Schaff.

Attorney George Pat Wright filed a divorce suit Monday for William P. Butler against Finnie Butler. The petition states that they were married in October, 1908, and lived together until December, 1910, when the defendant left without reasonable cause.

Another suit filed today was that of Nodaway county against C. H. Schaff for action on bond. The petition alleges that Schaff took out a $500 school loan and put up a bond of $500 that he would pay the same, with Wm. Houlihan and Peter Pfifer as sureties. The loan was due the first of the year, the petition says, and Schaff has not paid the same. So $500 with interest is asked for. Wright & Ford are the attorneys.

Attended Grandmother's Funeral.

Maurice Wolfers and his sister, Miss Mildred, of Hopkins, attended the burial services of their grandmother, Mrs. Rebecca Groves, at Oak Hill cemetery in Maryville Saturday noon. They remained until evening the guests of Mr. and Mrs. Harold VanSteenbergh.

Miss Wolfers came from Jacksonville Ill., to attend the funeral, having returned to her studies at the Illinois Womens' college in that city in September, and Mr. Wolfers came from Columbia, Mo., where he is a student at the state university. Both returned to their studies Monday.

NOT APPROVED YET

SO COMMISSIONER BLAKE SAYS OF NEW INSURANCE RATES.

THEY ARE ADVISORY ONLY

And You Can Pay Any Old Rate You Want to—if the Insurance Company Will Take It.

In a letter to John I. Hoffman, secretary of the Commercial club, Frank Blake, superintendent of insurance of the state, says that the fire insurance rates for Maryville have not been approved by that department, and the agents are at liberty to charge such rates as the insured is willing to pay or the company is willing to receive. Mr. Blake writes that the rates here will be investigated before they are approved.

The letter is as follows:

"In answer to your of October 1st regarding the new rates filed for Maryville, these rates were not compiled by this department but were compiled by the Missouri actuarial bureau, Pierce building, St. Louis, Mo., for and on behalf of the fire insurance companies doing business in the state. Until the Missouri actuarial bureau has re-rated the entire state, which it probably will not do very much before January, 1913, the rates forwarded to the agents are to be considered as advisory only, and there is no obligation upon the part of the agents to charge the rates set forth in these books, the agents being at liberty to charge such rates as the insured is willing to pay or the company is willing to receive. This department, you may be sure, will investigate very carefully the rates submitted to it before the same are approved.

"This department will take great pleasure in being at further service to you should you desire it.

"Yours very truly,

"FRANK BLAKE, Supt."

ALL HELP TO ELECT WILSON.

Every Patriot Has an Opportunity to Help Finance the Democratic Campaign.

The national Democratic committee is endeavoring to finance a campaign, so far as possible, by voluntary contributions sent in by the Democrats who subscribe solely from patriotic motives. They have, therefore, asked the Democratic press of the country to call the attention of their subscribers to the necessity of assisting the committee to carry on its work, and have requested that the Democratic newspapers open their columns for popular subscriptions and in this way aid in collecting funds.

Recent disclosures have made plain the fact that for many years the great financial and industrial concerns of the country have exercised an evil influence on the policies of the Republican party by financing the campaigns. The old method has amounted to little more than the sale of legislation in advance. The Democratic party has always denounced this system, and public opinion has at last been aroused to the nature and extent of the evil. It is the desire of the national Democratic committee to secure the necessary funds for the proper conduct of the campaign from the great masses of the people. If this can be done, the amount subscribed by each, though small, will afford sufficient money so that the campaign may be properly conducted.

The Democratic party is fighting the battle of the people and must look to them for support. A subscription of a dollar or less will be gratefully received, and it is earnestly hoped that patriotic Democrats in Missouri will promptly respond to this appeal.

Bring or mail your subscriptions to The Democrat-Forum and they will be promptly forwarded to the national Democratic committee.

The contributions to date are as follows:

The Democrat-Forum	$ 5.00
Anderson Craig	5.00
William Job	1.00
J. S. Thompson	1.00
A. L. Nash	1.00

Mrs. Shepard's Father Dead.

Miss Eva Dawson received word Saturday from Mrs. A. L. Shepard of Oklahoma City, Okla., telling of the death of her father, Dr. J. W. Porter of Red Oak, Ia., last week. Dr. Porter and his wife visited the Shepard family several times during their residence in Maryville, when Mr. Shepard was in the clothing business. He is now a traveling salesman out of Oklahoma City.

TO SPEAK SATURDAY

DEMOCRATIC COUNTY CAMPAIGN TO OPEN IN MARYVILLE.

RAMEY, BOOHER, JOST

Four Able Speakers Already on Bill of Fare—Wallace to Speak on Single Tax and Appose It.

The Democratic county campaign will open in Maryville on Saturday, October 12, and arrangements are being made for a big meeting.

In the afternoon Congressman Charles F. Booher of Savannah will talk on the political issues of the day, and will be followed by Judge W. H. Wallace of Kansas City, who will speak for the amendment for honest elections and against the single tax amendments.

Congressman Henry T. Rainey of Illinois and Mayor Henry L. Jost of Kansas City will be the speakers at the evening meeting to be held in the court house. Congressman Henry of Texas, who was to have come for this meeting, will be unable to be here and the speakers' bureau at the state Democratic headquarters have instructed May Rainey and Mayor Jost to speak here. Congressman Rainey is one of the biggest Democrats in the country, and all will want to hear him and Mayor Jost, who is a former Nodaway county boy.

Other Democratic meetings over the county will be arranged for by Chairman J. M. Dawson and the county committee before the election.

Republican Campaign to Open.

The Republican county campaign will open Tuesday. John C. McKinley of Unionville, the Republican candidate for governor, will speak in Hopkins at 2 o'clock that afternoon, and will come to Maryville in the evening and address the voters at the court house at 8 o'clock. Mr. McKinley will also be a guest at the Commercial club dinner to be given Tuesday evening.

SUITS FILED IN COURT.

C. C. Carr Suing the Burlington, and M. H. and John Borrusch the Mercantile Company.

Two suits were filed Monday in Circuit Clerk Rathbun's office. C. C. Carr is suing the Burlington for $30, and also $60. The petition states that Carr shipped eighty-seven hogs from Arkoe to St. Joseph on June 24, 1912, but when the car reached the stock yards there were only eighty-five hogs, two of them being lost in transit. He asks for $30 on this count. On the second count the petition alleges that a steer valued at $60 was killed by a Burlington locomotive engine. B. R. Martin of St. Joseph is his attorney.

Martin H. and John Borrusch filed suit against the Maryville Mercantile company for rent for the month of June, July, August, September and October, the amount being $585.33. A. F. Harvey is the attorney of Messrs. Borrusch.

SUES ON A CONTRACT.

J. A. Kaufman, Parnell Merchant, Who Made Assignment, Filed Suit for $5,000.

J. A. Kaufman, the Parnell merchant, who made an assignment recently for the benefit of his creditors, with Horace Jones as trustee, brought suit Saturday against G. J. Tilton. According to the petition Tilton entered into a contract with Kaufman for the trade of his store in July, and after an invoice had been taken it invoiced for $5,682.72 more than the land that Tilton was to trade for the store. Tilton paid $300 down on the contract, but has since refused to pay the balance of the amount, $5,372, which Kaufman is suing for. George Groves and Cook, Cummins & Dawson are the attorneys for Kaufman.

Went to Dubuque, Ia.

Miss Margaret Tobin of Burlington Junction left Tuesday for Dubuque, Ia., where she will enter the novitiate of St. Francis order.

Revival Meeting

At M. E. Church, South

Subject tonight:

"Twice Born Men"

BLANCHARD IN OIL DISTRICT.

Oil in Large Quantities Found in Well at That Town in the Past Few Weeks.

Oil in large quantities was found in a well at Blanchard, Iowa, and the Herald of that city in speaking of it, had the following:

In a former issue the Herald mentioned the fact that crude oil of some kind was flowing from the well at the depot. It is noticed that the flow has greatly increased during the past three months. From only a small amount at first it has increased to such an extent that a half gallon may be taken each morning from the barrel from which water is drawn to supply the boiler. This flow has become much greater during low stage of the water in the well and the demand having increased as the water flow diminished during the dry season.

It became necessary to draw the water from the tank last week to make a small repair and then it was noticed that a large quantity of crude oil had accumulated in the tank, estimated at 25 barrels, and as the water flowed away it was covered with oil to such an extent that it could be plainly seen. The ground over which the water passed still appears oily.

MEETINGS AT BAPTIST CHURCH.

Will Commence Tonight and Will Be Conducted by Rev. Harrel and Rev. Smith of Tarkio.

Revival meetings at the First Baptist church will commence Monday evening and Rev. Miles Woodard Smith, pastor of the Baptist church of Tarkio, will assist Rev. Lee Harrel,

REV. MILES WOODARD SMITH, Evangelist at Baptist Church.

the pastor of the church, in conducting the services. Rev. Harrel, in speaking of Rev. Smith, says:

"Brother Smith is an A. M. graduate of William Jewell college, and is considered one of our very best pulpit orators. He preaches a plain, simple gospel. Everybody is cordially invited to attend these meetings."

There were five additions to the church on Sunday, all by letter. Rev. Harrel urges every member of the church to attend and bring their friends with them.

Has Good Position in Los Angeles.

Miss Helen Trullinger, daughter of Mrs. Cora Trullinger of this city, who went to Los Angeles, Cal., in August last to remain a year, commenced employment last week with the California Wholesale Paint and Drug company of that city as stenographer. Miss Trullinger is making her home with Mr. and Mrs. Ben Fine. Mrs. Fine was Miss Julia Beers of Maryville, a schoolmate of Mrs. Trullinger, and a sister of Mrs. Frank Rowley and Mrs. Wesley Bales, formerly of this city. Mr. Fine has charge of the paint department of the wholesale company's business, and it was through him Miss Trullinger secured her excellent position. Miss Trullinger graduated from the Maryville Business college in June last, having first completed the course of our high school.

Moving to Hiawatha.

Mr. and Mrs. Thomas McDowell, who have made their home on South Main street, left Monday for Hiawatha, Kan., to make their home. Their sons, J. C. and Harold McDowell, are in the restaurant and bakery business there, are doing finely, and they will assist them in their work. Mr. and Mrs. McDowell attended the Taylor county fair at Bedford Saturday as the guests of Mr. and Mrs. George Herriott, and on Sunday were the guests of Mr. and Mrs. Otto Risser of Pickering.

Will Organize Teams.

On Wednesday, five or six base ball teams will be organized at the Normal and a tournament will be played as was last year. The boys of the school are taking a great interest in this sport and no doubt, several games with the teams in this part of the state will be played.

A BELOVED WOMAN

PASSES TO HER FINAL REWARD SUNDAY.

MRS. ELIZA UPDEGRAFF

Died at a Ripe Old Age—Funeral Services Will Be Held Wednesday From Residence.

Mrs. Eliza Updegraff, one of the most beloved women in our city, died at her home, 322 West Thompson street, October 6, at 1 o'clock Sunday afternoon, from a general decline of her physical powers. She had been failing noticeably for the past two years and had been confined to her bed for several weeks.

The funeral services will be held at the Updegraff home Wednesday morning, October 9, at 9 o'clock. Burial will take place in Swann Chapel cemetery, southwest of Maryville.

Mrs. Updegraff's maiden name was Eliza Jane Miller. She was born in Ohio, June 5, 1826, and in early childhood went to Shelby county, Indiana, with her parents. Her father, Colonel Alexander Miller, was a prominent politician of that county and held the office of circuit clerk.

At the age of 16 years Mrs. Updegraff was converted and became a member of the Baptist church, later affiliating with the Methodist Episcopal church. On the 8th day of February, 1844, she was married to the late Joseph Updegraff, Sr., a native of Franklin county, Indiana. A few years after their marriage they went to Clark county, Indiana, to live, where Mr. Updegraff engaged in farming for several years. He served his county in the legislature a term and later served as state senator two terms.

In 1868 Mr. Updegraff moved his family to Nodaway county, settling on a farm ten miles southwest of Maryville, and was a well known stock raiser.

Mr. Updegraff was elected treasurer of Nodaway county in the eighties, and later was sent to the Missouri legislature, elected on the Democratic ticket.

Ten children were born to Mr. and Mrs. Updegraff, five of whom are dead, with the father, whose death occurred fourteen years ago. The living children are Mrs. A. L. Charles of Skidmore, Mo.; W. A. Updegraff of Oklahoma City, Okla.; Joseph Updegraff of Maryville, Martin Updegraff of St. Joseph and Mrs. W. D. Clark of Kansas City.

Mrs. Updegraff was one of the sweetest, truest Christian women of our city. She was known to all as "Aunt Eliza," and her quiet, cheerful, good life had a strong influence over all she knew, whether young or old. In 1894 she and her husband celebrated their golden wedding day, and it was made quite an event, for they always had many friends.

Mrs. Updegraff deeply mourned the loss of her husband, but she rarely complained of her bereavement. She has been devotedly cared for by her son, Joseph Updegraff, Jr., who remained at home with his parents after the other children went into homes of their own.

TO ATTEND CONVENTION.

Rev. Miller Will Be Sent From the Christian Church to Louisville, Ky.

Rev. Claude J. Miller, pastor of the Christian church of this city, will attend the national Christian church convention, to be held at Louisville, Ky., next week. He will leave for that place next Monday night, and expects to be gone for several days.

Those from Maryville who will attend this convention beside Rev. and Mrs. Miller will be Mr. and Mrs. W. C. Frank and Mrs. R. P. Robinson.

Rev. Carter Sent Back.

Rev. J. R. Carter, pastor of the African M. E. church in this city for the past eight years, has been sent back to Maryville by the conference of the church held at Columbia, Mo., recently. Rev. Carter will fill the pulpit of the church next Sunday. During his pastorate the church is free of debt.

WHY NOT TELL THE PUBLIC?

We have been patiently waiting for the Republican-Bull Moose county nominees to make their position clear as between Taft and Roosevelt. We didn't suppose it was any secret and so many people continue to ask about the matter that we have been rather disappointed in not being able to give them any light on the subject.

It is but just to these gentlemen to state that we understand they have been explaining their position to a few friends privately or individually. But this plan is slow and tedious and gives rise to a good deal of confusion. Some men for instance are positive they say they are going to vote for Taft while others understand just the opposite. A general statement to every body would avoid this misunderstanding.

Mr. Wiles, the candidate for prosecuting attorney, has, as we understand it, declared unequivocally for Roosevelt and there is therefore no question as to where he stands, but other candiates for the important offices have not taken the public fully into their confidence yet and it has occasioned some surprise. Why not come square out with an open statemen to everybody and tell whether they will vote for the Republican national and state ticket or against it? Everybody knows they can only vote for one, and the fact that they are asking the people to elect them to office entitles these same people to know which one.

Went to Des Moines.

GREAT IS MISSOURI'S HEN.

In 1911 She Produced Average of 11 Eggs for Each American.

According to advance information from the 1912 Red Book on the poultry industry of Missouri for 1911, given out by Commissioner Austin W. Biggs of the state bureau of labor statistics, this state not only leads every state in the Union in the value of the poultry production, but exceeds its own record for any previous year.

"That the poultry industry of Missouri," says Commissioner Biggs, "is a potent factor in keeping the state in the front rank of the commonwealths is shown by the fact that last year the farmers shipped to market eggs, poultry and feathers to the value of $28,818,145. Added to this is the estimated value of these commodities consumed locally, which is placed at $22,000,000 dollars, bringing the total valuation for the year up to $50,818,145. When it is remembered that the 3,000,000 citizens of the state were first supplied with these products before a dollar's worth was shipped, it will be seen that the estimate of $22,000,000 worth for local consumption is very conservative.

"From the actual shipment figures we find that there were 82,060,702 pounds of live poultry, valued at $8,206,070; dressed poultry, 39,573,073 pounds, valued at $4,946,634; 101,417,700 dozen eggs, worth $15,212,655, and 1,131,965 pounds of feathers, werth $452,786.

"Counting the actual shipments only the Missouri hen laid enough eggs in 1911 to give every man, woman and child in the United States nearly fourten eggs, while every resident of the United States, were the distribution made equally, would be entitled to one and one-third pounds of the 1911 shipment of poultry.

"With the poultry production, for the year in question, placed at $50,000,000, it is of interest to note that this exceeded the value of the wheat crop of Kansas for the same year. It was worth nearly as much as the combined cotton crop of Florida, Louisiana and Tennessee.

"The total value of the tobacco produced in Connecticut, Illinois, Indiana, Massachusetts, Missouri, New York, North Carolina, Kentucky and Tennessee was $50,441,851, or practically the same as the poultry production of Missouri.

"Another startling comparison shows the value of the poultry products of Missouri for 1911 to be greater than the combined value of all the gold and silver produced in Colorado, California and Arizona for the same year.

Leave on Field Trip.

Dr. H. K. Taylor, president of the Normal, will leave this evening for carrollton and Richmond, Mo., and also Buchanan and Harrison counties in the interest of the Normal and the mill tax amendment. Dr. Taylor reports that eight or ten counties are organized for the mill tax amendment and that there is considerable interest over the district for the amendment.

NO WORD RECEIVED TODAY.

The Water Company Did Not Send Answer as to Accepting the City's Terms.

No word has been received today by G. B. Roseberry or the board of public works from the water company in regard to the city's proposition to buy the plant for $50,000. Since the proposition was made to the company in writing on Saturday evening it will probably be Tuesday before anything is received.

ANSWERS THE CALL.

Maryville People Have Found That This is True.

A cold, a strain, a sudden wrench,
A little cause may hurt the kidneys
Spells of backache often follow,
Or some irregularity of the urine.
A splendid remedy for such attacks,
A medicine that has cured thousands.
Is Doan's Kidney Pills.
Thousands of people rely upon it.
Here is one case:

Rev. I. R. M. Beeson, Savannah, Mo., says: "I still have great faith in Doan's Kidney Pills and gladly confirm all I said in my endorsement of this remedy that was given two years ago. I have taken Doan's Kidney Pills and have found them very effective in toning up the system and removing trouble, caused by the kidneys. I can strongly recommend this preparation to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ATHENA UNDERWEAR | FOR WOMEN MISSES AND CHILDREN

Athena has set a new standard in women's underwear.

It is proving to particular womankind that the uncomfortable features of ordinary knit underwear—the lack of fit, the imperfect conformation to the body lines—are no longer necessary (see illustrations below).

Athena is truly tailored and fashioned to fit

The shaping—the tailoring—is not confined to any one part. It reaches everywhere.

The Athena patent fitted seat is the most remarkable advancement ever made in underwear designing.

Athena is sold in all fabrics at no higher prices than you pay for ordinary knit underwear. In all the new shapes demanded by fashion's requirements.

See advertisements in The Saturday Evening Post and The Ladies' Home Journal

PLANS ACCEPTED FOR NEW CAPITOL

Missouri Commissioners Selected Work of Eastern Architects.

TO COST LESS THAN EXPECTED

Drawings Chosen Call for Building to Cost But Little Over $2,000,000—Original Appropriation Was Over $3,000,000.

Jefferson City, Oct. 7.—The commissioners for the new state capitol have selected the firm of Evart Tracy and Edgerton Swarthwout of New York, as architects for Missouri's new state capitol. That firm was recommended by the jury of architects that passed upon the plans submitted by ten competing architects or firms of architects.

The plans call for a building to cost $2,230,127, while the sum set apart for the structure is $3,500,000.

The building will have a total length of 420 feet and a width of 220 feet. There will be a dome in the center 232 feet in height, and a basement above ground, a first, second and third story. There will be three fronts—to the north, or the river front, to the east and the south. The southern front will be the main one.

Old Roman Style.

The north front of the building will take about 20 feet off the southern ling of the old structure. The architecture provides largely for the old Roman style, Corinthian predimination on the outside, and Ionic on the inside.

The main state offices will occupy the first floor proper. These offices will go around the entire building and each is to be lighted from the outside—in fact, light is a very strong feature of the plans throughout.

The legislative halls will occupy most of the second floor with a library and committee rooms added.

The ceiling in the house and senate will have a uniform height of 56 feet.

The house chamber will occupy 5,000 square feet, and the senate 5,000 square feet. The third floor will largely be used by the legislature for committee rooms, although there will be ample space for some of the minor departments.

Jury Was Unanimous.

The jury of architects was unanimous in approving the plans adopted and the commissioners were unanimous in accepting the same. It is probable that the state officials will meet immediately to take up the matter of approving the work of the commissioners.

The jury in making its award submitted a report to the capitol commissioners pointing out the advantages of the plans submitted by the successful architects. The jury did not know the architects of any of the plans, save by numbers, the winner being No. 3.

WANTED TO ANSWER CAMPBELL

Socialist Speaker Proposed to Address Republicans at Columbus—Congressman Objected.

Columbus, Kan., Oct. 7.—Before the applause had died away at the conclusion of a Republican speech delivered by Congressman P. P. Campbell in the courthouse yard here the leader of the local Socialist organization shouted an announcement that a representative of that party would immediately answer all of Mr. Campbell's arguments.

"He will do nothing of the kind," countered the congressman. "I will talk here till dark to entertain the crowd if necessary to prevent it. I am making Republican speeches, not drawing a crowd for the benefit of Socialist speakers."

Seeing that Congressman Campbell was very much in earnest about it, the Socialists dropped the attempt to capture his audience.

Negro Elector Resigns.

Topeka, Oct. 7.—Dorsey Green, the negro presidential elector on the Republican ticket, resigned. Green had previously announced that under no circumstances would he resign, but apparently he changed his mind late in the afternoon and sent his resignation to Charles Sessions, secretary of state.

Saved Steak First.

Fort Smith, Ark., Oct. 7.—When the home of Mrs. Lou Hyall caught fire Mrs. Hyall grabbed a pot of boiling soup and a frying steak from the stove and came out of the building with her clothes in flames. The soup and the steak were the only articles she saved.

Not to Fill Ticket Yet.

Jefferson City, Oct. 7.—The Progressive state committee decided not to place a candidate for judge of the supreme court, Division No. 2, on their ticket until after the injunction proceedings to prevent the entire ticket from being placed upon the ballot, has been disposed of.

Taft Electors by Petition.

Lincoln, Neb., Oct. 7.—A petition bearing between 5,000 and 6,000 signatures was filed with the secretary of state asking that the names of eight Taft and Sherman electors be placed on the ballot by petition.

DEMOCRATS ALSO IN COURT

ELECTOR, REMOVED BY COMMITTEE, WILL FIGHT.

Frank Farris Denies Authority of Members to Oust Him and Refuses to Resign Place.

St. Louis, Oct. 7.—Evidently the Progressives are not the only people who will have trouble over their official ballot. Frank H. Farris, a member of the legislature from Crawford county, was named as one of the electors-at-large on the Democratic ticket. Being a member of the legislature until January, it was held he was ineligible under both the state and federal laws, and an effort was made to have him resign. For reasons never made public, Mr. Farris did not send his resignation to D. C. McClung, chairman of the Democratic state committee, but the committee proceeded to declare the place vacant and named George W. Lee of Montgomery City as Mr. Farris' successor. Now Mr. Farris, from Rolla, Mo., his present home, has sent a telegram to Secretary of State Roach stating among other things the following:

"The state committee advises that they have removed me as an elector-at-large. I deny their authority to do so, and protest against your substituting any other name for the position to which I was nominated and I shall resist any attempt on your part to do so."

On the authority of the state committee, the secretary of state already has filed the substitution of Mr. Lee for Mr. Farris. The secretary has no judicial authority whatever in the premises, which indicates that there will be more litigation, and that this time, the Democrats will take their soiled linen to the judicial laundry.

DAY OF EXCITEMENT AT WICHITA

Motor Polo Proves Dangerous Game—Spectators Fought With Show People Over Grounds.

Wichita, Kan., Oct. 7.—The first severe accident in motor polo since its origin occurred here when Gilbert Teague, mallet man for Searl Evans, suffered a fractured leg when Evans' car turned over in a patch of sand. The car rolled over twice and caught Teague who fell in the sand. Evans was not injured.

While arranging for another mallet man to finish the game representatives of a fireworks company, who were waiting to put up apparatus on the ground, started to drive stakes. A thousand spectators ran out on the field to prevent interference and a fight followed. Policemen cleared the field and the game was finished, King winning.

MEDICINE MADE CHILDREN SICK

Ohio School Pupils Ate Tablets Scattered by Train Wreck—Doctors All Busy.

Mount Vernon, O., Oct. 7.—Several hundred children in this city are ill as the indirect result of a Baltimore & Ohio freight train wreck.

A large shipment of medicine in tablet form was scattered from one of the cars and children from all parts of the city filled their pockets.

The tablets found their way into the hands of nearly every child in the city by the time school was out in the afternoon. Very soon practically every physician in the city was kept busy treating the children. Several of the cases are said to be critical.

Farmers Held Picnic.

Gridley, Kan., Oct. 7.—Farmers near Gridley held a picnic in connection with the annual meeting of their farmers' institute. The present officers were re-elected and 50 new members added to the organization. Prof. O. E. Reed and Miss Frances L. Brown of the state agricultural college spoke. More than 100 were present at the afternoon session.

Vanderbilt in an Aeroplane.

Mineola, N. Y., Oct. 7.—Cornelius Vanderbilt was a passenger with George W. Beatty when the aviator made a flight above Hempstead Plains. They went up 500 feet.

HIRED ROSENTHALS' ASSASSINS

Dead Man Was One of Those Whose Testimony Was Depended Upon by State in Trial of Police Graft Cases.

New York, Oct. 7.—"Big Jack" Zelig the East Side gang leader and prospective witness in the trial of Police Lieutenant Charles Becker for the murder of Herman Rosenthal, the gambler, was shot and killed here. He was seated in a Second avenue open trolley car when Phillip Davidson, who says he is a fruit dealer, jumped on the running board and fired the fatal shot.

Davidson leaped from the car and ran away, but was caught, revolver in hand. He admitted the shooting and said it was for revenge. According to the prisoner, Zelig had held him up at the point of a revolver in an East Side hallway and robbed him of $400.

District Attorney Whitman, who is to conduct the Becker trial, interested himself in the Zelig murder as soon as he was notified.

Had Letters From "Whitey" Lewis.

On Zelig's body several letters were found, including one signed "Whitey," from the prison where "Whitey" Lewis and other prospective Becker trial witnesses are confined.

Deputy Police Commissioner Dougherty declared he was satisfied the motive was not to seal Zelig's lips against former Police Lieutenant Charles Becker and expressed the opinion that the "gun man's" death with relation to the Rosenthal murder and police graft was merely a coincidence.

"Lefty Louie," "Gyp the Blood" and other gun men who are awaiting trial for the murder of Rosenthal ridiculed Davidson's story when seen in their cells and insisted that Zelig's taking off was planned and the plot executed to prevent his appearance at Becker's trial.

Death Predicted by Rose.

It was reported that "Bald Jack" Rose, who will be a state witness against Becker, had told District Attorney Whitman that Zelig never would live to testify against the police.

District Attorney Whitman admits that no proof had yet been found to indicate that Zelig's death was the result of a conspiracy, but is inclined to regard the murder as "more than a coincidence."

Davidson was arraigned and remanded without bail to the Tombs. He was placed on the same tier with Becker and some of the gun men charged with Rosenthal's murder. Both he and Becker denied they knew each other. Davidson admitted acquaintance with "Lefty Louie" and "Whitey" Lewis.

MORE STRIKE RIOTS IN DULUTH

Cars Stoned and Passengers Injured—Trouble in Superior Results in Wreck.

Duluth, Minn., Oct. 7.—Rioting in connection with the street car strike broke out again and for an hour cars passing through the West End manufacturing suburbs were stoned and several passengers injured. The trouble was suppressed and all was quiet by night.

There was also trouble in Superior, one car on the Interstate line being wrecked. The outbreak followed a parade of the strikers which was held in both cities. The cars were filled with a crowd returning from a football game, when the trouble was started, following a clash with car crews who, it is alleged, refused to give out transfers at a transfer point.

Rebels Massacre Rurales.

Mexico City, Oct. 7.—Word was brought into Toluco, southwest of here of the almost total annihilation of a detachment of rural guards and a number of women and children in a fight with Zapatista rebels near Sultepec. The sole survivors of the rurales and their party, three men and a woman, have just straggled into Toluco.

Thos. J. Ryan a Suicide.

Philadelphia, Oct. 7.—Thomas J. Ryan, for many years a leader of the Democratic party in this city, ended his life here by shooting himself. His body was discovered in his office shortly after he had been discussing business affairs with his private secretary.

A Play Duel Fatal.

Trenton, Mo., Oct. 7.—Norman Kirk, 16 years old, shot and killed Kenneth Wright, 14 years old, two miles northwest of Trenton, while hunting with a crowd of boys. A sham duel was proposed, which resulted in young Kirk shooting Wright in the left side of his neck, cutting the jugular vein.

Mexican War Veteran Dead.

Warrensburg, Mo., Oct. 7.—The last Warrensburg survivor of the Mexican war, the Rev. Elijah H. Burchfield, died at his home in this city. Mr. Burchfield also was a veteran of the Union army. He was born in Jefferson county, Tennessee, in 1826.

VOLUME 3. MARYVILLE, MISSOURI, MONDAY, OCT. 7, 1912. NO. 108.

BIG IMPROVEMENTS

WABASH TO SPEND FOURTEEN MILLION DOLLARS.

MUCH NEW EQUIPMENT

Plans for a General Overhauling and Upbuilding of the System Have Been Agreed Upon.

Fourteen million dollars will be spent by the Wabash railroad in the near future for a general overhauling of the system, including new rolling stock equipment, and improvements in trackage, signal and telephone service and terminal properties.

According to plans just announced, the Wabash will add more than 3,000 freight cars to its equipment. The number of locomotives will be increased by ninety-one, which includes sixty-three Mikado freight engines and twelve switch engines.

Orders have been given for the construction of twenty-nine all steel passenger coaches of the latest types.

Every mile of the system will be equipped with automatic electric block signals and 1,600 miles of telephone lines will be in operation in a few weeks. A water bureau, safety bureau and bureau of fuel economy have been established.

The Wabash will have one of the most complete railroad shop plants in the country when the new locomotive plant now being built at Decatur, Ill., is completed. This is an addition to the present shops there, which were built in 1907, but which have been found inadequate to handle steadily increasing business.

The 800 miles of double track under construction will give the Wabash a dual system divided as follows: Three hundred and twenty-five miles between St. Louis and Buffalo; 170 miles between St. Louis and Kansas City, and 185 miles between Chicago and Buffalo. Two million dollars' worth of new rails already have been bought.

The rejuvenation of the system will be completed within one year.

A NUMBER OF SHORT COURSES

To Be Given This Year—Nodaway County Will Have One.

Last year 645 Missouri farmers took a five-day course in agriculture without leaving their homes. Nine different communities in as many different counties received the benefit of these courses. They are known as branch short course in agriculture, and are given under the direction of the Missouri college of agriculture by members of its regular staff. Probably no enterprise of the college has ever been received with greater enthusiasm. Every community which had a course last winter wants it back again.

The college of agriculture is prepared to give a much larger number of branch short courses this fall and winter than was possible a year ago. Every community in the state has an equal opportunity to secure one. Instead of hundreds there should be thousands of Missouri farmers getting the benefit of these five-day courses. Prompt action is necessary. Late applicants are likely to find a full schedule with every date filled. This is one of the finest opportunities that has come the way of Missouri farmers in a long time.

L. C. Cook and T. A. Cummins left Sunday for Kansas City, where they have several cases in the Kansas City court of appeals.

THE SUCCESSFUL REVIVAL.

Rev. Randolph Begins Meeting at M. E. Church, South.

The revival meetings at the M. E. church, South, commenced Sunday by the pastor, Rev. Joseph D. Randolph, and better than the average congregations were present. Rev. Randolph will do the preaching at these meetings, which will last three weeks.

At the morning service Rev. Randolph gave some of the reasons "Why Revivals Are Needed." He said in part:

"A revival is a renewal of interest in religion. It may be local or general in its nature and consequence. It may bless a church, a community or a whole generation. All depends upon the strength and permanence of the renewed interest that has been awakened.

"It would then, from the nature of its definition, be a logical contradiction to speak of any revival being a failure. For it is clear that if there has been a revival some one has been revived. If a work of grace has been deepened in one heart and only one heart, just so far has the revival been a success. If the revival has helped a hundred lives its influence has been greater, that is all.

"Several have said to me that it will be difficult to have a revival in this church. Consider that a moment. Why more difficult in this church than any other church? You are a part of this church and if you have a revival just so far will the church have had a revival. The difficulty here is the same that it is anywhere, just a matter of you and all of you having a revival in your own hearts. All of you are the church. This meeting can't fail unless you fail.

"Revivals are needed to provide special opportunity to teach the church membership. Teachers have found that usually classes do their best work if they meet every day. Too often with a week between services, we preachers do not make good teachers. We have listened to the cry that the people be amused, not made to think. When we preach a sermon that has cost us much thought we are often told that we are "putting the fodder too high." The people say, make us laugh and make us weep and we will crowd your churches. In advancing the work of the kingdom, a thought is sometimes better than a tear. Laughter is good, but by taking thought men have made literature, science and art. To awaken feeling as an end in itself is hurtful. The natural process is a new idea, a new feeling and a new act.

"Revivals are needed to break the grip of modern materialism. Our fathers asked a stranger, what are you? We ask him, what have you got? Even worse than this, we test the value of our own lives by what we have. This gaudy civilization of ours is materialistic to the core. We are producing no real literature, no great music, no lasting art. We are moving heaven and earth that we may be healthy, well fed and contented animals. But are we only animals? Body and soul, God has made us. To be healthy, well fed and contented is good, but not the great good. Soul values are the highest values. What is a man profited if he gain the whole world and lose his own soul?"

ANOTHER DIVORCE SUIT.

Wm. P. Butler Suing Finnie Butler—Suit by County Against C. H. Schaff.

Attorney George Pat Wright filed a divorce suit Monday for William P. Butler against Finnie Butler. The petition states that they were married in October, 1908, and lived together until December, 1910, when the defendant left without reasonable cause.

Another suit filed today was that of Nodaway county against C. H. Schaff for action on bond. The petition alleges that Schaff took out a $500 school loan and put up a bond of $500 that he would pay the same, with Wm. Houlihan and Peter Pfifer as sureties. The loan was due the first of the year, the petition says, and Schaff has not paid the same. So $500 with interest is asked for. Wright & Ford are the attorneys.

Attended Grandmother's Funeral.

Maurice Wolfers and his sister, Miss Mildred, of Hopkins, attended the burial services of their grandmother, Mrs. Rebecca Groves, at Oak Hill cemetery in Maryville Saturday noon. They remained until evening the guests of Mr. and Mrs. Harold VanSteenbergh.

Miss Wolfers came from Jacksonville Ill., to attend the funeral, having returned to her studies at the Illinois Womens' college in that city in September, and Mr. Wolfers came from Columbia, Mo., where he is a student at the state university. Both returned to their studies Monday.

NOT APPROVED YET

SO COMMISSIONER BLAKE SAYS OF NEW INSURANCE RATES.

THEY ARE ADVISORY ONLY

And You Can Pay Any Old Rate You Want to—if the Insurance Company Will Take It.

In a letter to John I. Hoffman, secretary of the Commercial club, Frank Blake, superintendent of insurance of the state, says that the fire insurance rates for Maryville have not been approved by that department, and the agents are at liberty to charge such rates as the insured is willing to pay or the company is willing to receive. Mr. Blake writes that the rates here will be investigated before they are approved.

The letter is as follows:

"In answer to your of October 1st regarding the new rates filed for Maryville, these rates were not compiled by this department but were compiled by the Missouri actuarial bureau, Pierce building, St. Louis, Mo., for and on behalf of the fire insurance companies doing business in the state. Until the Missouri actuarial bureau has re-rated the entire state, which it probably will not do very much before January, 1913, the rates forwarded to the agents are to be considered as advisory only, and there is no obligation upon the part of the agents to charge the rates set forth in these books, the agents being at liberty to charge such rates as the insured is willing to pay or the company is willing to receive. This department, you may be sure, will investigate very carefully the rates submitted to it before the same are approved.

"This department will take great pleasure in being at further service to you should you desire it.

"Yours very truly,

"FRANK BLAKE, Supt."

ALL HELP TO ELECT WILSON.

Every Patriot Has an Opportunity to Help Finance the Democratic Campaign.

The national Democratic committee is endeavoring to finance a campaign, so far as possible, by voluntary contributions sent in by the Democrats who subscribe solely from patriotic motives. They have, therefore, asked the Democratic press of the country to call the attention of their subscribers to the necessity of assisting the committee to carry on its work, and have requested that the Democratic newspapers open their columns for popular subscriptions and in this way aid in collecting funds.

Recent disclosures have made plain the fact that for many years the great financial and industrial concerns of the country have exercised an evil influence on the policies of the Republican party by financing the campaigns. The old method has amounted to little more than the sale of legislation in advance. The Democratic party has always denounced this system, and public opinion has at last been aroused to the nature and extent of the evil. It is the desire of the national Democratic committee to secure the necessary funds for the proper conduct of the campaign from the great masses of the people. If this can be done, the amount subscribed by each, though small, will afford sufficient money so that the campaign may be properly conducted.

The Democratic party is fighting the battle of the people and must look to them for support. A subscription of a dollar or less will be gratefully received, and it is earnestly hoped that patriotic Democrats in Missouri will promptly respond to this appeal.

Bring or mail your subscriptions to The Democrat-Forum and they will be promptly forwarded to the national Democratic committee.

The contributions to date are as follows:

The Democrat-Forum	$ 5.00
Anderson Craig	5.00
William Job	1.00
J. S. Thompson	1.00
A. L. Nash	1.00

Mrs. Shepard's Father Dead.

Miss Eva Dawson received word Saturday from Mrs. A. L. Shepard of Oklahoma City, Okla., telling of the death of her father, Dr. J. W. Porter of Red Oak, Ia., last week. Dr. Porter and his wife visited the Shepard family several times during their residence in Maryville, when Mr. Shepard was in the clothing business. He is now a traveling salesman out of Oklahoma City.

TO SPEAK SATURDAY

DEMOCRATIC COUNTY CAMPAIGN TO OPEN IN MARYVILLE.

RAMEY, BOOHER, JOST

Four Able Speakers Already on Bill of Fare—Wallace to Speak on Single Tax and Appose It.

The Democratic county campaign will open in Maryville on Saturday, October 12, and arrangements are being made for a big meeting.

In the afternoon Congressman Charles F. Booher of Savannah will talk on the political issues of the day, and will be followed by Judge W. H. Wallace of Kansas City, who will speak for the amendment for honest elections and against the single tax amendments.

Congressman Henry T. Rainey of Illinois and Mayor Henry L. Jost of Kansas City will be the speakers at the evening meeting to be held in the court house. Congressman Henry of Texas, who was to have come for this meeting, will be unable to be here and the speakers' bureau at the state Democratic headquarters have instructed May Rainey and Mayor Jost to speak here. Congressman Rainey is one of the biggest Democrats in the country, and all will want to hear him and Mayor Jost, who is a former Nodaway county boy.

Other Democratic meetings over the county will be arranged for by Chairman J. M. Dawson and the county committee before the election.

Republican Campaign to Open.

The Republican county campaign will open Tuesday. John C. McKinley of Unionville, the Republican candidate for governor, will speak in Hopkins at 2 o'clock that afternoon, and will come to Maryville in the evening and address the voters at the court house at 8 o'clock. Mr. McKinley will also be a guest at the Commercial club dinner to be given Tuesday evening.

SUITS FILED IN COURT.

C. C. Carr Suing the Burlington, and M. H. and John Borrusch the Mercantile Company.

Two suits were filed Monday in Circuit Clerk Rathbun's office. C. C. Carr is suing the Burlington for $30, and also $60. The petition states that Carr shipped eighty-seven hogs from Arkoe to St. Joseph on June 24, 1912, but when the car reached the stock yards there were only eighty-five hogs, two of them being lost in transit. He asks for $30 on this count. On the second count the petition alleges that a steer valued at $60 was killed by a Burlington locomotive engine. B. R. Martin of St. Joseph is his attorney.

Martin H. and John Borrusch filed suit against the Maryville Mercantile company for rent for the month of June, July, August, September and October, the amount being $585.33. A. F. Harvey is the attorney of Messrs. Borrusch.

SUES ON A CONTRACT.

J. A. Kaufman, Parnell Merchant, Who Made Assignment, Filed Suit for $5,000.

J. A. Kaufman, the Parnell merchant, who made an assignment recently for the benefit of his creditors, with Horace Jones as trustee, brought suit Saturday against G. J. Tilton. According to the petition Tilton entered into a contract with Kaufman for the trade of his store in July, and after an invoice had been taken it invoiced for $5,682.72 more than the land that Tilton was to trade for the store. Tilton paid $300 down on the contract, but has since refused to pay the balance of the amount, $5,372, which Kaufman is suing for. George Groves and Cook, Cummins & Dawson are the attorneys for Kaufman.

Went to Dubuque, Ia.

Miss Margaret Tobin of Burlington Junction left Tuesday for Dubuque, Ia., where she will enter the novitiate of St. Francis order.

Revival Meeting

At M. E. Church, South

Subject tonight:

"Twice Born Men"

BLANCHARD IN OIL DISTRICT.

Oil in Large Quantities Found in Well at That Town in the Past Few Weeks.

Oil in large quantities was found in a well at Blanchard, Iowa, and the Herald of that city in speaking of it, had the following:

In a former issue the Herald mentioned the fact that crude oil of some kind was flowing from the well at the depot. It is noticed that the flow has greatly increased during the past three months. From only a small amount at first it has increased to such an extent that a half gallon may be taken each morning from the barrel from which water is drawn to supply the boiler. This flow has become much greater during low stage of the water in the well and the demand having increased as the water flow diminished during the dry season.

It became necessary to draw the water from the tank last week to make a small repair and then it was noticed that a large quantity of crude oil had accumulated in the tank, estimated at 25 barrels, and as the water flowed away it was covered with oil to such an extent that it could be plainly seen. The ground over which the water passed still appears oily.

MEETINGS AT BAPTIST CHURCH.

Will Commence Tonight and Will Be Conducted by Rev. Harrel and Rev. Smith of Tarkio.

Revival meetings at the First Baptist church will commence Monday evening and Rev. Miles Woodard Smith, pastor of the Baptist church of Tarkio, will assist Rev. Lee Harrel,

REV. MILES WOODARD SMITH, Evangelist at Baptist Church.

the pastor of the church, in conducting the services. Rev. Harrel, in speaking of Rev. Smith, says:

"Brother Smith is an A. M. graduate of William Jewell college, and is considered one of our very best pulpit orators. He preaches a plain, simple gospel. Everybody is cordially invited to attend these meetings."

There were five additions to the church on Sunday, all by letter. Rev. Harrel urges every member of the church to attend and bring their friends with them.

Has Good Position in Los Angeles.

Miss Helen Trullinger, daughter of Mrs. Cora Trullinger of this city, who went to Los Angeles, Cal., in August last to remain a year, commenced employment last week with the California Wholesale Paint and Drug company of that city as stenographer. Miss Trullinger is making her home with Mr. and Mrs. Ben Fine. Mrs. Fine was Miss Julia Beers of Maryville, a schoolmate of Mrs. Trullinger, and a sister of Mrs. Frank Rowley and Mrs. Wesley Bales, formerly of this city. Mr. Fine has charge of the paint department of the wholesale company's business, and it was through him Miss Trullinger secured her excellent position. Miss Trullinger graduated from the Maryville Business college in June last, having first completed the course of our high school.

Moving to Hiawatha.

Mr. and Mrs. Thomas McDowell, who have made their home on South Main street, left Monday for Hiawatha, Kan., to make their home. Their sons, J. C. and Harold McDowell, are in the restaurant and bakery business there, are doing finely, and they will assist them in their work. Mr. and Mrs. McDowell attended the Taylor county fair at Bedford Saturday as the guests of Mr. and Mrs. George Herriott, and on Sunday were the guests of Mr. and Mrs. Otto Risser of Pickering.

Will Organize Teams.

On Wednesday, five or six base ball teams will be organized at the Normal and a tournament will be played as was last year. The boys of the school are taking a great interest in this sport and no doubt, several games with the teams in this part of the state will be played.

A BELOVED WOMAN

PASSES TO HER FINAL REWARD SUNDAY.

MRS. ELIZA UPDEGRAFF

Died at a Ripe Old Age—Funeral Services Will Be Held Wednesday From Residence.

Mrs. Eliza Updegraff, one of the most beloved women in our city, died at her home, 322 West Thompson street, October 6, at 1 o'clock Sunday afternoon, from a general decline of her physical powers. She had been failing noticeably for the past two years and had been confined to her bed for several weeks.

The funeral services will be held at the Updegraff home Wednesday morning, October 9, at 9 o'clock. Burial will take place in Swann Chapel cemetery, southwest of Maryville.

Mrs. Updegraff's maiden name was Eliza Jane Miller. She was born in Ohio, June 5, 1826, and in early childhood went to Shelby county, Indiana, with her parents. Her father, Colonel Alexander Miller, was a prominent politician of that county and held the office of circuit clerk.

At the age of 16 years Mrs. Updegraff was converted and became a member of the Baptist church, later affiliating with the Methodist Episcopal church. On the 8th day of February, 1844, she was married to the late Joseph Updegraff, Sr., a native of Franklin county, Indiana. A few years after their marriage they went to Clark county, Indiana, to live, where Mr. Updegraff engaged in farming for several years. He served his county in the legislature a term and later served as state senator two terms.

In 1868 Mr. Updegraff moved his family to Nodaway county, settling on a farm ten miles southwest of Maryville, and was a well known stock raiser.

Mr. Updegraff was elected treasurer of Nodaway county in the eighties, and later was sent to the Missouri legislature, elected on the Democratic ticket.

Ten children were born to Mr. and Mrs. Updegraff, five of whom are dead, with the father, whose death occurred fourteen years ago. The living children are Mrs. A. L. Charles of Skidmore, Mo.; W. A. Updegraff of Oklahoma City, Okla.; Joseph Updegraff of Maryville, Martin Updegraff of St. Joseph and Mrs. W. D. Clark of Kansas City.

Mrs. Updegraff was one of the sweetest, truest Christian women of our city. She was known to all as "Aunt Eliza," and her quiet, cheerful, good life had a strong influence over all she knew, whether young or old. In 1894 she and her husband celebrated their golden wedding day, and it was made quite an event, for they always had many friends.

Mrs. Updegraff deeply mourned the loss of her husband, but she rarely complained of her bereavement. She has been devotedly cared for by her son, Joseph Updegraff, Jr., who remained at home with his parents after the other children went into homes of their own.

TO ATTEND CONVENTION.

Rev. Miller Will Be Sent From the Christian Church to Louisville, Ky.

Rev. Claude J. Miller, pastor of the Christian church of this city, will attend the national Christian church convention, to be held at Louisville, Ky., next week. He will leave for that place next Monday night, and expects to be gone for several days.

Those from Maryville who will attend this convention beside Rev. and Mrs. Miller will be Mr. and Mrs. W. C. Frank and Mrs. R. P. Robinson.

Rev. Carter Sent Back.

Rev. J. R. Carter, pastor of the African M. E. church in this city for the past eight years, has been sent back to Maryville by the conference of the church held at Columbia, Mo., recently. Rev. Carter will fill the pulpit of the church next Sunday. During his pastorate the church is free of debt.

WHY NOT TELL THE PUBLIC?

We have been patiently waiting for the Republican-Bull Moose county nominees to make their position clear as between Taft and Roosevelt. We didn't suppose it was any secret and so many people continue to ask about the matter that we have been rather disappointed in not being able to give them any light on the subject.

It is but just to these gentlemen to state that we understand they have been explaining their position to a few friends privately or individually. But this plan is slow and tedious and gives rise to a good deal of confusion. Some men for instance are positive they say they are going to vote for Taft while others understand just the opposite. A general statement to every body would avoid this misunderstanding.

Mr. Wiles, the candidate for prosecuting attorney, has, as we understand it, declared unequivocally for Roosevelt and there is therefore no question as to where he stands, but other candiates for the important offices have not taken the public fully into their confidence yet and it has occasioned some surprise. Why not come square out with an open statemen to everybody and tell whether they will vote for the Republican national and state ticket or against it? Everybody knows they can only vote for one, and the fact that they are asking the people to elect them to office entitles these same people to know which one.

GREAT IS MISSOURI'S HEN.

In 1911 She Produced Average of 11 Eggs for Each American.

According to advance information from the 1912 Red Book on the poultry industry of Missouri for 1911, given out by Commissioner Austin W. Biggs of the state bureau of labor statistics, this state not only leads every state in the Union in the value of the poultry production, but exceeds its own record for any previous year.

"That the poultry industry of Missouri," says Commissioner Biggs, "is a potent factor in keeping the state in the front rank of the commonwealths is shown by the fact that last year the farmers shipped to market eggs, poultry and feathers to the value of $28,818,145. Added to this is the estimated value of these commodities consumed locally, which is placed at $22,000,000 dollars, bringing the total valuation for the year up to $50,818,145. When it is remembered that the 3,000,000 citizens of the state were first supplied with these products before a dollar's worth was shipped, it will be seen that the estimate of $22,000,000 worth for local consumption is very conservative.

"From the actual shipment figures we find that there were 82,060,702 pounds of live poultry, valued at $8,206,070; dressed poultry, 39,573,073 pounds, valued at $4,946,634; 101,417,700 dozen eggs, worth $15,212,655, and 1,131,965 pounds of feathers, werth $452,786.

"Counting the actual shipments only the Missouri hen laid enough eggs in 1911 to give every man, woman and child in the United States nearly fourteen eggs, while every resident of the United States, were the distribution made equally, would be entitled to one and one-third pounds of the 1911 shipment of poultry.

"With the poultry production, for the year in question, placed at $50,000,000, it is of interest to note that this exceeded the value of the wheat crop of Kansas for the same year. It was worth nearly as much as the combined cotton crop of Florida, Louisiana and Tennessee.

"The total value of the tobacco produced in Connecticut, Illinois, Indiana, Massachusetts, Missouri, New York, North Carolina, Kentucky and Tennessee was $50,441,851, or practically the same as the poultry production of Missouri.

"Another startling comparison shows the value of the poultry products of Missouri for 1911 to be greater than the combined value of all the gold and silver produced in Colorado, California and Arizona for the same year.

Leave on Field Trip.

Dr. H. K. Taylor, president of the Normal, will leave this evening for carrollton and Richmond, Mo., and also Buchanan and Harrison counties in the interest of the Normal and the mill tax amendment. Dr. Taylor reports that eight or ten counties are organized for the mill tax amendment and that there is considerable interest over the district for the amendment.

ANSWERS THE CALL.

Maryville People Have Found That This Is True.

A cold, a strain, a sudden wrench,
A little cause may hurt the kidneys.
Spells of backache often follow,
Or some irregularity of the urine.
A splendid remedy for such attacks,
A medicine that has cured thousands.
Is Doan's Kidney Pills.
Thousands of people rely upon it.
Here is one case:

Rev. I. R. M. Beeson, Savannah, Mo., says: "I still have great faith in Doan's Kidney Pills and gladly confirm all I said in my endorsement of this remedy that was given two years ago. I have taken Doan's Kidney Pills and have found them very effective in toning up the system and removing trouble, caused by the kidneys. I can strongly recommend this preparation to all kidney sufferers."

ATHENA UNDERWEAR | *FOR WOMEN MISSES AND CHILDREN*

Athena has set a new standard in women's underwear.

It is proving to particular womankind that the uncomfortable features of ordinary knit underwear—the lack of fit, the imperfect conformation to the body lines—are no longer necessary (see illustrations below).

Athena is truly tailored and fashioned to fit

The shaping—the tailoring—is not confined to any one part. It reaches everywhere.

The Athena patent fitted seat is the most remarkable advancement ever made in underwear designing.

Athena is sold in all fabrics at no higher prices than you pay for ordinary knit underwear. In all the new shapes demanded by fashion's requirements.

See advertisements in The Saturday Evening Post and The Ladies' Home Journal

PLANS ACCEPTED FOR NEW CAPITOL

Missouri Commissioners Selected Work of Eastern Architects.

TO COST LESS THAN EXPECTED

Drawings Chosen Call for Building to Cost But Little Over $2,000,000—Original Appropriation Was Over $3,000,000.

Jefferson City, Oct. 7.—The commissioners for the new state capitol have selected the firm of Evart Tracy and Edgerton Swarthwout of New York, as architects for Missouri's new state capitol. That firm was recommended by the jury of architects that passed upon the plans submitted by ten competing architects or firms of architects.

The plans call for a building to cost $2,230,127, while the sum set apart for the structure is $3,500,000.

The building will have a total length of 420 feet and a width of 220 feet. There will be a dome in the center 232 feet in height, and a basement above ground, a first, second and third story. There will be three fronts—to the north, or the river front, to the east and the south. The southern front will be the main one.

Old Roman Style.

The north front of the building will take about 20 feet off the southern wing of the old structure. The architecture provides largely for the old Roman style, Corinthian predominating on the outside, and Ionic on the inside.

The main state offices will occupy the first floor proper. These offices will go around the entire building and each is to be lighted from the outside—in fact, light is a very strong feature of the plans throughout.

The legislative halls will occupy most of the second floor with a library and committee rooms added.

The ceiling in the house and senate will have a uniform height of 56 feet.

The house chamber will occupy 5,000 square feet, and the senate 5,000 square feet. The third floor will largely be used by the legislature for committee rooms, although there will be ample space for some of the minor departments.

Jury Was Unanimous.

The jury of architects was unanimous in approving the plans adopted and the commissioners were unanimous in accepting the same. It is probable that the state officials will meet immediately to take up the matter of approving the work of the commissioners.

The jury in making its award submitted a report to the capitol commissioners pointing out the advantages of the plans submitted by the successful architects. The jury did not know the architects of any of the plans, save by numbers, the winner being No. 3.

WANTED TO ANSWER CAMPBELL

Socialist Speaker Proposed to Address Republicans at Columbus—Congressman Objected.

Columbus, Kan., Oct. 7.—Before the applause had died away at the conclusion of a Republican speech delivered by Congressman P. P. Campbell in the courthouse yard here the leader of the local Socialist organization shouted an announcement that a representative of that party would immediately answer all of Mr. Campbell's arguments.

"He will do nothing of the kind," countered the congressman. "I will talk here till dark to entertain the crowd if necessary to prevent it. I am making Republican speeches, not drawing a crowd for the benefit of Socialist speakers."

Seeing that Congressman Campbell was very much in earnest about it, the Socialists dropped the attempt to capture his audience.

Negro Elector Resigns.

Topeka, Oct. 7.—Dorsey Green, the negro presidential elector on the Republican ticket, resigned. Green had previously announced that under no circumstances would he resign, but apparently he changed his mind late in the afternoon and sent his resignation to Charles Sessions, secretary of state.

Saved Steak First.

Fort Smith, Ark., Oct. 7.—When the home of Mrs. Lou Hyall caught fire Mrs. Hyall grabbed a pot of boiling soup and a frying steak from the stove and came out of the building with her clothes in flames. The soup and the steak were the only articles she saved.

Not to Fill Ticket Yet.

Jefferson City, Oct. 7.—The Progressive state committee decided not to place a candidate for judge of the supreme court, Division No. 2, on their ticket until after the injunction proceedings to prevent the entire ticket from being placed upon the ballot, has been disposed of.

Taft Electors by Petition.

Lincoln, Neb., Oct. 7.—A petition bearing between 5,000 and 6,000 signatures was filed with the secretary of state asking that the names of eight Taft and Sherman electors be placed on the ballot by petition.

DEMOCRATS ALSO IN COURT

ELECTOR, REMOVED BY COMMITTEE, WILL FIGHT.

Frank Farris Denies Authority of Members to Oust Him and Refuses to Resign Place.

St. Louis, Oct. 7.—Evidently the Progressives are not the only people who will have trouble over their official ballot. Frank H. Farris, a member of the legislature from Crawford county, was named as one of the electors-at-large on the Democratic ticket. Being a member of the legislature until January, it was held he was ineligible under both the state and federal laws, and an effort was made to have him resign. For reasons never made public, Mr. Farris did not send his resignation to D. C. McClung, chairman of the Democratic state committee, but the committee proceeded to declare the place vacant and named George W. Lee of Montgomery City as Mr. Farris' successor. Now Mr. Farris, from Rolla, Mo., his present home, has sent a telegram to Secretary of State Roach stating among other things the following:

"The state committee advises that they have removed me as an elector-at-large. I deny their authority to do so, and protest against your substituting any other name for the position to which I was nominated and I shall resist any attempt on your part to do so."

On the authority of the state committee, the secretary of state already has filed the substitution of Mr. Lee for Mr. Farris. The secretary has no judicial authority whatever in the premises, which indicates that there will be more litigation, and that this time, the Democrats will take their soiled linen to the judicial laundry.

DAY OF EXCITEMENT AT WICHITA

Motor Polo Proves Dangerous Game—Spectators Fought With Show People Over Grounds.

Wichita, Kan., Oct. 7.—The first severe accident in motor polo since its origin occurred here when Gilbert Teague, mallet man for Searl Evans, suffered a fractured leg when Evans' car turned over in a patch of sand. The car rolled over twice and caught Teague who fell in the sand. Evans was not injured.

While arranging for another mallet man to finish the game representatives of a fireworks company, who were waiting to put up apparatus on the ground, started to drive stakes. A thousand spectators ran out on the field to prevent interference and a fight followed. Policemen cleared the field and the game was finished, King winning.

MEDICINE MADE CHILDREN SICK

Ohio School Pupils Ate Tablets Scattered by Train Wreck—Doctors All Busy.

Mount Vernon, O., Oct. 7.—Several hundred children in this city are ill as the indirect result of a Baltimore & Ohio freight train wreck.

A large shipment of medicine in tablet form was scattered from one of the cars and children from all parts of the city filled their pockets.

The tablets found their way into the hands of nearly every child in the city by the time school was out in the afternoon. Very soon practically every physician in the city was kept busy treating the children. Several of the cases are said to be critical.

Farmers Held Picnic.

Gridley, Kan., Oct. 7.—Farmers near Gridley held a picnic in connection with the annual meeting of their farmers' institute. The present officers were re-elected and 50 new members added to the organization. Prof. O. E. Reed and Miss Frances L. Brown of the state agricultural college spoke. More than 100 were present at the afternoon session.

Vanderbilt in an Aeroplane.

Mineola, N. Y., Oct. 7.—Cornelius Vanderbilt was a passenger with George W. Beatty when the aviator made a flight above Hempstead Plains. They went up 500 feet.

BECKER WITNESS SHOT AND KILLED

Jack Zelig, Leader of New York Gang, is "Removed"

HIRED ROSENTHALS' ASSASSINS

Dead Man Was One of Those Whose Testimony Was Depended Upon by State in Trial of Police Graft Cases.

New York, Oct. 7.—"Big Jack" Zelig the East Side gang leader and prospective witness in the trial of Police Lieutenant Charles Becker for the murder of Herman Rosenthal, the gambler, was shot and killed here. He was seated in a Second avenue open trolley car when Phillip Davidson who says he is a fruit dealer, jumped on the running board and fired the fatal shot.

Davidson leaped from the car and ran away, but was caught, revolver in hand. He admitted the shooting and said it was for revenge. According to the prisoner, Zelig had held him up at the point of a revolver in an East Side hallway and robbed him of $100.

District Attorney Whitman, who is to conduct the Becker trial, interested himself in the Zelig murder as soon as he was notified.

Had Letters From "Whitey" Lewis.

On Zelig's body several letters were found, including one signed "Whitey," from the prison where "Whitey" Lewis and other prospective Becker trial witnesses are confined.

Deputy Police Commissioner Dougherty declared he was satisfied the motive was not to seal Zelig's lips against former Police Lieutenant Charles Becker and expressed the opinion that the "gun man's" death with relation to the Rosenthal murder and police graft was merely a coincidence.

"Lefty Louie," "Gyp the Blood" and other gun men who are awaiting trial for the murder of Rosenthal ridiculed Davidson's story when seen in their cells and insisted that Zelig's taking off was planned and the plot executed to prevent his appearance at Becker's trial.

Death Predicted by Rose.

It was reported that "Bald Jack" Rose, who will be a state witness against Becker, had told District Attorney Whitman that Zelig never would live to testify against the police.

District Attorney Whitman admits that no proof had yet been found to indicate that Zelig's death was the result of a conspiracy, but is inclined to regard the murder as "more than a coincidence."

Davidson was arraigned and remanded without bail to the Tombs. He was placed on the same tier with Becker and some of the gun men charged with Rosenthal's murder. Both he and Becker denied they knew each other. Davidson admitted acquaintance with "Lefty Louie" and "Whitey" Lewis.

MORE STRIKE RIOTS IN DULUTH

Cars Stoned and Passengers Injured—Trouble in Superior Results in Wreck.

Duluth, Minn., Oct. 7.—Rioting in connection with the street car strike broke out again and for an hour cars passing through the West End manufacturing suburbs were stoned and several passengers injured. The trouble was suppressed and all was quiet by night.

There was also trouble in Superior one car on the Interstate line being wrecked. The outbreak followed a parade of the strikers which was held in both cities. The cars were filled with a crowd returning from a football game, when the trouble was started, following a clash with car crews who, it is alleged, refused to give out transfers at a transfer point.

Rebels Massacre Rurales.

Mexico City, Oct. 7.—Word was brought into Toluco, southwest of here of the almost total annihilation of a detachment of rural guards and a number of women and children in a fight with Zapatista rebels near Sultepec. The sole survivors of the rurales and their party, three men and a woman, have just straggled into Toluco.

Thos. J. Ryan a Suicide.

Philadelphia, Oct. 7.—Thomas J. Ryan, for many years a leader of the Democratic party in this city, ended his life here by shooting himself. His body was discovered in his office shortly after he had been discussing business affairs with his private secretary.

A Play Duel Fatal.

Trenton, Mo., Oct. 7.—Norman Kirk, 16 years old, shot and killed Kenneth Wright, 14 years old, two miles northwest of Trenton, while hunting with a crowd of boys. A sham duel was proposed, which resulted in young Kirk shooting Wright in the left side of his neck, cutting the jugular vein.

Mexican War Veteran Dead.

Warrensburg, Mo., Oct. 7.—The last Warrensburg survivor of the Mexican war, the Rev. Elijah H. Burchfield, died at his home in this city. Mr. Burchfield also was a veteran of the Union army. He was born in Jefferson county, Tennessee, in 1826.
